# CONGRESSIONAL RECORD VOTE CORRECTIONS

The following are corrections in the official outcome of votes taken during the second session of the 96th Congress.

The lists are subdivided into "Vote Corrections" and "Stand or Announcement Changes." The former may involve adjustment of the "Yeas" and "Nays" in the breakdown on Congressional Quarterly vote charts; the latter do not affect the breakdown. Congressional Record "Stand or Announcement Changes" listed below were inserted in the Record too late for CQ to include on current Weekly Report vote charts; Weekly Report pages where these votes may be found are indicated so that you may bring your Weekly Report file into conformity with the Record.

Corrections indicated with an asterisk (\*) and those below the triple spacing are new listings subsequent to the CQ index of October 18, 1980.

Symbols used in these vote corrections:

Y - Yea	+ - Announced For
N - Nay	- - Announced Against
? - Absent	# - Paired For
C - Voted "Present" to avoid possible conflict of interest	X - Paired Against
	P - Voted "Present"
